SANDLAPPER Securities, LLC Welcomes Two New Members to their Charleston Team

New Hires Set to Handle Fixed Income Transactions

GREENVILLE, SC – July 5, 2017 – SANDLAPPER Securities, LLC recently welcomed Paul S. Martin and Ilya Falkovich to their Charleston team. They will primarily handle SANDLAPPER 's Fixed Income transactions. Martin was named Head of Sales, and Falkovich was named Head of Trading for the Fixed Income Credit Desk branch.

Fixed Income Credit Desk is an independent branch of SANDLAPPER Securities. The branch offers products and services in fixed income, structured product and the credit space. While it is independent, all SANDLAPPER financial advisors have the option to handle fixed income transactions through the desk. The new fixed income platform is unique in that it will provide resource solutions not only to independent brokers and advisors but also to institutional investors. The addition of this fixed income division further expands the firm's expertise, access and resources in this substantial sector of the market.

Paul Martin brings years of experience to the Head of Sales position. Previously, he worked with Morgan Stanley Global Wealth Management and Bank of America primarily focusing on stock options and restricted stock and re-deploying these assets into fixed income. Martin founded Martin Capital, LLC in 2011 and co-founded Dominion Capital Hedge Fund. His in-depth financial industry knowledge, technical expertise, and entrepreneurial success give him the skill set necessary for this new position. He has the capability to solve market and operational issues, critically think, and maintain numerous relationships in the industry.

Martin is excited to begin with SANDLAPPER. "We are eager to bring our set of skills and vision to this new venture. We joined SANDLAPPER because of their stellar reputation in the broker dealer industry," stated Martin.

Ilya Falkovich previously worked at Bear Sterns and RBS trading fixed income and credit derivatives. Falkovich has experience transacting with major institutional accounts, providing daily market color and trade ideas. He earned a Bachelor of Arts Degrees in Mathematics and Economics at Columbia University.

SANDLAPPER is excited to welcome these two men, as it will expand their expertise in the fixed income section of the market. SANDLAPPER Securities' Founder and CEO Trevor Gordon stated, "Fixed income is needed for a diversified financial portfolio, so we are thrilled to welcome Paul and Ilya to our team to provide the best services for our clients."
